A. PROGRAM DESCRIPTION

The Public Diplomacy Section (PDS) of the U.S. Embassy in Belgrade announces an open competition for organizations to submit applications for the BOLD Academic Fellowship Program.

Please check for information on other PDS funding opportunities on the U.S. Embassy website at: https://rs.usembassy.gov/education-culture/grants-programs/.

The BOLD (Balkanski omladinski lideri, Young Balkan Leaders in English) network is a project of PDS that seeks to develop the leadership capacity of young Serbians by empowering them to implement projects for positive change in their communities in two thematic areas: civic engagement and economic development. Anyone age 18-35 in Serbia can join the BOLD network where members have access to three main types of competitive opportunities:

1. **BOLD Academic Fellowships**: Two in-depth leadership training experiences in the United States for 5-6 weeks, one on each BOLD theme.
2. **BOLD Workshops**: Two workshops, one week to 10 days long, on leadership and project management, each on one of the BOLD themes.
3. **BOLD Small Grant Competition**: An annual competition, open to all BOLD members, for funds up to $15,000 to implement projects in the areas of the BOLD themes over the course of a year.

**Priority Region**: Serbia.

PDS Belgrade strongly urges potential applicants to consider recruiting participants for these workshops from cities and towns in Serbia outside of Belgrade.

Program Objectives:
The BOLD Academic Fellowship Program consists of two fellowships to take place in the United States for 5-6 weeks each, one on the theme of civic engagement and one on the theme of economic development.

Applicants may propose implementation of either one of the fellowships, OR implementation of two fellowships. If the proposal is for one fellowship, please indicate in box “c” of the application form if the theme will be civic engagement or economic development.

Each fellowship should be both academic and practical in nature, approximately 5-6 weeks in length, and ideally include a residency at a U.S. academic institution with a significant component of experiential learning, including community service, in the community or in another location. Ideally, each institute should also incorporate a homestay experience as part of the program.

The primary outcome desired by PDS is for fellows, either individually or in groups, upon their return to Serbia, to design a civic or economic project to be implemented in their communities over the course of the year. By the end of the fellowship, they should have a complete draft of a project proposal or business plan, which will be competitive for funding from the Embassy or other donors.

The academic component in the United States should include group discussions, experiential learning activities, and exercises that focus on the best practices, leading research, and most influential ideas and models pertaining to the theme of the fellowship.

The experiential learning component should include substantive and participatory community activities related to the theme of the fellowship. Where possible, a particular focus on the impact of not-for-profit organizations and/or social enterprises should be integrated into the program.

Both components of each fellowship should teach leadership skills and provide the necessary knowledge and experience for students to implement their follow-on projects in Serbia, including, but not limited to teambuilding, collective problem-solving, effective communication, appreciation of diversity, and management skills.

In accordance with the Executive Order on Advancing Racial Equity and Underserved Communities, proposals should demonstrate how the program advances equity with respect to race, ethnicity, religion, income, geography, gender identity, sexual orientation, and disability. The proposal should also demonstrate how the program will further engagement in underserved communities and with individuals from underserved communities. Proposals should demonstrate how addressing racial equity and underserved communities will enhance the program’s goals and objectives, as well as the experience of participants.

In light of social distancing measures, and to limit the spread of COVID-19, we welcome proposals that utilize video conferencing, distance learning tools, etc. If your proposal includes in-person activities, please consider the inclusion of contingency plans, just in case
the health situation requires that social distancing measures be implemented during the grant period. How might you switch your project from an in-person to a virtual format?

If you are successful in securing PDS funding to launch your project, you will be expected to publicize your activities, including through social media and/or traditional press outlets; and highlight U.S. Embassy support for your activity, with our logo included on project-related materials.

Program Themes:

1. CIVIC ENGAGEMENT. This fellowship should introduce participants to the concept of civic engagement in the United States as a means of improving communities and the institutions and services of government and provide them with the skills to implement projects as civic leaders themselves. An understanding of civic engagement and the civil society sector and its development in the United States should be accompanied by the opportunity to apply the U.S. experience to the Serbian context. The academic program should define civic engagement, examine its development in the United States, and explore topics such as citizenship in democracy, community building, economic development, grassroots activism, political leadership, and volunteerism in the modern age.

Proposals should demonstrate an ability to provide content on a variety of sub-themes in which fellows may already have a specific interest or to which they may be directed as a project area. Some sub-themes may include, but are not limited to civil rights and protections, public health, education, environmental conservation, ethics, leadership, or free media. Academic sessions should be complemented with a community-based experiential learning component that serves two purposes. Hands-on sessions or workshops designed to build skills in the topics mentioned above should assist participants in developing innovative and practical plans for projects they will implement upon their return to Serbia. In addition, to promote the idea of leadership rooted in community service, participants should also be required to engage in service learning.

2. ECONOMIC DEVELOPMENT. This fellowship should provide participants with an overview of entrepreneurial approaches by introducing challenges and successes of U.S. entrepreneurial models, including social enterprises, the leadership role of businesses in democratic societies, and women’s economic empowerment. An understanding of the U.S. entrepreneurial ecosystem should be accompanied by a strong focus on how to apply lessons learned in the Serbian context. Topics may include, but are not limited to, organizational development and management, the basics of starting and running a small business, market research and risk analysis, innovation, strategic business planning, and corporate social responsibility. Academic sessions should be complemented with a community-based experiential learning component that serves two purposes: to build skills and expose participants to the American entrepreneurial ecosystem. Hands-on sessions or workshops designed to build skills in the topics mentioned above should assist participants in developing entrepreneurial ideas in the form of a business plan and a
pitch, and a concrete action plan to implement toward starting a business. In addition, to promote the idea of leadership rooted in community service, participants should also be required to engage in service learning.

**Participants and Audiences:** Participants or primary audiences for BOLD Academic Fellowships should be Serbian undergraduate students, age 18-25, from across Serbia. Each fellowship should consist of at least 10 participants traveling to the United States.

**Detailed Outline of Award Recipient’s Responsibilities:**

1. **Recruitment and Selection**
   - Recruit fellowship participants by implementing a nationwide outreach strategy designed to prioritize qualified applicants outside of Belgrade and large urban areas.
   - PDS will support this strategy where possible.
   - Design and implement an inclusive and transparent selection strategy to ensure the participation of a diverse cross-section of Serbian youth who are well-suited to become future leaders.
   - PDS will approve the final list before notification of their participation.

2. **Participant Travel**
   - Generate Certificate of Eligibility for Exchange Visitor (J-1) Status (or DS-2019) forms for all participants.
     - Only State Department Exchange Visitor Program Sponsors are eligible to generate DS-2019s. If your organization is not already a Designated Sponsor, you may apply to become a one at [https://j1visa.state.gov/sponsors/become-a-sponsor/](https://j1visa.state.gov/sponsors/become-a-sponsor/). This can take several months, so apply as early as possible.
     - You may also seek out an organization on the Designated Sponsor List, at [https://j1visa.state.gov/participants/how-to-apply/sponsor-search/?program=Short-Term%20Scholar](https://j1visa.state.gov/participants/how-to-apply/sponsor-search/?program=Short-Term%20Scholar), to generate DS-2019s for you. Search for Designated Sponsors for Short-Term Scholars.
   - Work with PDS to schedule visa interviews for all participants.
   - Arrange travel and accommodations, if needed, for participants to participate in their visa interviews at the Embassy in Belgrade.
   - Book round-trip international travel from Serbia to the United States at the lowest fare possible.

3. **Pre-Departure Preparation**
   - Ensure that participants are well-prepared before departure to make the most of their experience in the United States immediately upon arrival. Suggestions include virtual sessions to introduce participants to each other and provide content related to the theme of the fellowship, content-related reading or research assignments, activities to start identifying participants’ project interests, and in-person activities if possible.
   - Provide preparatory content to include program information, pre-departure materials, and practical information about travel to the United States.
   - Enroll participants in the State Department’s Accident and Sickness Program for Exchanges (ASPE) health benefits plan for the duration of the exchange and assist with claims as necessary.
• Hire and train staff, as needed, to accompany participants during the exchange period. Criminal background checks, including a search of the Department of Justice’s National Sex Offender Public Registry, must be conducted for all program staff and for new staff prior to hiring.
• In case of home-stay arrangements, carefully recruit, screen, and select diverse local host families to offer homestays (including lodging and meals) to the participants for a portion of the exchange period. Criminal background checks, including a search of the Department of Justice’s National Sex Offender Public Registry, must be conducted for all members of host families and others living in the home who are 18 years or older.
• Monitor housing arrangements, if any, to ensure the health and safety of participants.
• Orient participating organizations, staff, and host families to the goals of the program and to the cultures and sensitivities of the visitors.

4. Activities During the Fellowship
• Design a detailed plan of activities for every day of the fellowship and implement an in-depth experience for participants in accordance with the program objectives outlined above.
• Provide day-to-day monitoring of the participants’ well-being, preventing and dealing with any misunderstandings or adjustment issues that may arise in a timely manner.
• Inform PDS about any significant health or safety issues affecting program participants.
• Design a closing session to summarize project activities and to best prepare participants to implement their projects upon their return home.

5. Follow-on activities
• In coordination with PDS, provide ongoing consultation and advice to participants as they implement their projects throughout the grant period.
• Publicize and amplify achievements of fellows on social media as they make progress on their projects; emphasize the need for them to publicize their projects.

Information Session. PDS will hold a virtual information session on February 23, 2022, at 16:00 (4 pm) Central European time to discuss this funding opportunity and to answer questions from potential applicants. Please contact PDS at BOLDSerbia@state.gov for details.

### C. ELIGIBILITY INFORMATION

#### 1. Eligible Applicants

Accredited U.S. universities (public or private), or non-profit educational foundations legally registered in the United States with the demonstrated capacity to fulfill the objectives outlined in this NOFO are eligible to apply.

#### 2. Cost Sharing or Matching:

Cost sharing is allowed but not required and will not influence funding decisions.

While filling out the application, you will be required to tell us whether you are also receiving funding from other donors for your project. Please be aware, however, that you must be able to carry out all the activities described in your application with the funding you receive, even if the contributions from other donors or other funding sources fail to materialize.

#### 3. Other Eligibility Requirements:

In order to be eligible to receive an award, all organizations must receive a unique entity identifier (UEI) from Dun & Bradstreet called Data Universal Numbering System or DUNS number, as well as a valid registration on www.SAM.gov. Please see Section D.3 for information on how to obtain these registrations.

If an applicant has already received a grant from the U.S. Embassy and the older project and the new one would overlap, or if an organization has submitted more than one project proposal, please use section “y” in the application form to explain to the PDS grant review panel how the applicant will manage more than one project and describe your past experience and track record indicating that you have the capacity to do so.

#### 4. Funding Restrictions.

You may NOT apply for a grant from PDS if your project:

- involves partisan political activity,
- involves charitable activities and/or the distribution of humanitarian aid,
- is a fundraising campaign,
• is commercial in nature, i.e., you or a project partner are making money from this project, or the activity supports a current or future business or entrepreneurial venture.
• involves the provision of health care or services, childcare, food subsidies, or other social services to populations.

The funding opportunity aims to support fellowships with objectives which can be achieved within a set timeframe. We will not accept applications which are aimed more broadly at supporting your organization’s usual or typical daily activities and operations. Those will be deemed technically ineligible and will not be considered for funding by the review committee.

As a general rule, participants or audiences should not be charged for taking part in any PDS-funded activity. If you envisage that your project activity will not be free for some reason, please contact PDS while you are in the process of completing the application to see whether that could be allowed. Depending on the funding source, PDS might be able to support your project, but only if you can demonstrate how the revenue generated will be used to support the larger objectives and explain that your organization will profit from the modest entrance fee.

See also “Guidelines for Budget Justification” under Section H below for more information on budget items.

H. OTHER INFORMATION

Guidelines for Budget Justification

Personnel and Fringe Benefits: Describe the fees -- wages, salaries, and benefits -- of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program. Total fees for any staff who might be engaged in the implementation or execution of the project (e.g., project manager, project assistant, accountant, etc.) cannot exceed 30% of the total project budget. Fees should be reasonable, in accordance with expected levels in the locality where the grant activity is taking place.

Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. Costs for international travel, including within the Balkans, can be included in the budget only if that travel is essential to the implementation of the project. Please make sure the project proposal makes clear why international travel is necessary. If you are proposing a visit to Serbia by a subject matter expert, trainer, instructors, performer, or anyone else from the U.S., please contact PDS to check whether that would be an allowable expense.

Honorarium: Honorarium is limited to a maximum of $250 per day. Compensation for time spent preparing for a presentation, workshop, or other activity, however, can be included in Personnel and Fringe Benefits, including hours spent in preparation based on a realistic hourly rate.

Equipment: The budget cannot include purchase of any equipment, which is defined by the USG as property costing $5000 or more with a useful life of one year (or longer than the duration of the grant). Only rental of equipment is allowed. The rental should be listed under “Other Direct Costs.”

Supplies: List and describe all the items and materials, including any computer devices, that are needed for the program. If an item costs more than $5,000 per unit, see entry for “Equipment.”

Contractual: Describe goods and services that the applicant plans to acquire through a contract with a vendor. Also describe any sub-awards to non-profit partners that will help carry out the program activities.

Other Direct Costs: Describe other costs directly associated with the program, which do not fit in the other categories. For example, shipping costs for materials and equipment or applicable taxes. All “Other” or “Miscellaneous” expenses must be itemized and explained.

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating, such as rent, salaries for personnel not directly involved in the project, etc. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a copy of
your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 10% of the modified total direct costs as defined in 2 CFR 200.68. If you do this, you are obviously not allowed to include itemized indirect costs in your budget request.

Cost Sharing. The term “cost sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

Food and Beverages: Costs for food and other drinks cannot exceed 10% of the total amount of the award. This includes meals for organizers, experts, and participants during in country travel.

Alcoholic Beverages: Please note that award funds cannot be used for alcoholic beverages.
