A. PROGRAM DESCRIPTION

The Public Diplomacy Section (PDS) of the U.S. Embassy in Belgrade announces an open competition for individuals and organizations to submit applications for the Serbian-American Cooperation Grants Program.

Please check for information on other PDS funding opportunities on the U.S. Embassy website at: https://rs.usembassy.gov/education-culture/grants-programs/.

Priority Region: Serbia.

Program Objectives:

PDS welcomes proposals for creative, engaging projects that align with the U.S. Embassy’s main objectives. That includes strengthening the Serbian-U.S. relationship and explaining U.S. culture, society, values, and policies to Serbian audiences. The Embassy is also working with Serbia’s government, civil society, business community, and other partners on promoting economic development and fighting brain drain; strengthening democracy, including through supporting civic participation; encouraging a free press and human rights; and advancing regional stability and cooperation. Progress in those areas should assist Serbia on the path toward its stated goal of European Union (EU) membership.

Projects funded through this NOFO must include an American element. That could involve a connection or partnership between Serbian and American organizations or institutions; inviting an American expert to take part, in person or virtually, in your project; hosting a program to examine shared Serbian-American values, national interests, etc.; or incorporating a U.S. approach or method for addressing a challenge facing your community, institution, or profession.

Grant activities may take the form of academic competitions, summer camps (focused on language study, sports, etc), cross-border exchanges, conferences, workshops, courses,
curriculum development, exhibits, hackathons or app development, online projects, mock trials or moot court competitions, simulations and role-playing activities (e.g., Model Congress, Model United Nations), film or theater festivals, performances, or other activities.

Projects should begin no earlier than 1 July 2022 and no later than 1 July 2023. All activities and your evaluation or assessment of the project should be completed within 18 months. Activities should focus on audiences in Serbia. However, applicants may include participants or partners from neighboring countries of the Western Balkans, if it is in support of the project’s objectives. (See “Participants and Audiences” below.)

Serbian-American Cooperation (SAC) grants proposals should be crafted with a S.M.A.R.T. logic model. The objective of your activity should be: Specific, Measurable, Achievable, Relevant to the problem or challenge, and Time-based, meaning that you will meet them by a certain date.

In accordance with the Executive Order on Advancing Racial Equity and Underserved Communities, proposals should demonstrate how the program advances equity with respect to race, ethnicity, religion, income, geography, gender identity, sexual orientation, and disability. The proposal should also demonstrate how the program will further engagement in underserved communities and with individuals from underserved communities. Proposals should demonstrate how addressing racial equity and underserved communities will enhance the program’s goals and objectives, as well as the experience of participants.

In light of social distancing measures, and to limit the spread of COVID-19, we welcome proposals that utilize video conferencing, distance learning tools, etc. If your proposal includes in-person activities, please consider the inclusion of contingency plans, if the health situation requires that social distancing measures be implemented during the grant period.

Grantees are expected to: publicize your activities, including through social media and/or traditional press outlets; and highlight U.S. Embassy support, with our logo included on project-related materials.

**Participants and Audiences:** The goals and objectives of the project will determine the audience. PDS is seeking to support projects that strategically target audiences that will have the greatest impact and can work for the most positive change in communities in Serbia. In addition
to primary audiences (e.g., teachers) projects may also have secondary audiences or beneficiaries (such as students who will benefit from the teachers’ training).

Please note that the participants or audiences for the proposed activity should be citizens or legal residents of Serbia.

**C. ELIGIBILITY INFORMATION**

1. **Eligible Applicants.** Businesses and other for-profit organization may not apply for funding under this NOFO. The following entities, from Serbia or from the United States, are eligible to apply:

   - Not-for-profit organizations, including educational and cultural institutions, civil society organizations or non-governmental organizations, think tanks, professional associations, media outlets, etc.
- Governmental institutions.
- Individual citizens, including alumni of U.S. Government (USG) exchange programs, who have a demonstrated capacity or proven track record to carry out the proposed activities.

To be eligible for consideration, every Serbia-based applicant organization must be registered in the territory of the Republic of Serbia with the Agencija za privredne registre (APR).

2. **Cost Sharing or Matching.** Cost sharing is allowed but **not** required and will **not** impact funding decisions.

While filling out the application, you will be required to tell us whether you are also receiving funding from other donors for your project. Please be aware, however, that you must be able to carry out all the activities described in your application with the funding you receive, even if the contributions from other donors or other funding sources fail to materialize.

3. **Other Eligibility Requirements**

In order to be eligible to receive an award, all organizations must receive a unique entity identifier (UEI) from Dun & Bradstreet called a Data Universal Numbering System or DUNS number, as well as a valid registration on www.SAM.gov. Please see Section D.3 for information on how to obtain these registrations. Individuals are not required to have a unique entity identifier or be registered in SAM.gov.

If an applicant (either individual or organization) has already received a grant from the U.S. Embassy the grant period for the new project will overlap with the existing one, or if an organization has submitted more than one project proposal, please use section “y” in the application form to explain how you will manage more than one project and describe your capacity to do so.

4. **Funding Restrictions.**

You may **NOT** apply for a grant from PDS if your project:

- involves partisan political activity;
- involves charitable activities and/or the distribution of humanitarian aid;
- is a fundraising campaign;
- is commercial in nature, i.e., you or a project partner are making money from this project, or the activity supports a current or future business or entrepreneurial venture.
- involves the provision of health care or services, childcare, food subsidies, or other social services to populations.

This funding opportunity aims to support specific projects with objectives which can be achieved within a set timeframe. We will **not** accept applications which are aimed more broadly at supporting your organization’s usual or typical daily activities and operations.
Those will be deemed technically ineligible and will not be considered for funding by the review committee.

For this particular NOFO, grant funding can be used to cover the cost of travel within the region if attendance by participants from neighboring countries is an essential part of the project. As a general rule, at least half the participants in your project should be citizens of Serbia. Please contact PDS if you have further questions about projects involving participants from other countries besides Serbia. Grant funding can likewise be used to cover the cost of travel between the United States and Serbia for program participants if that is an essential part of the project.

As a general rule, participants or audiences should not be charged for taking part in any PDS-funded activity. If you envisage that your project activity will not be free for some reason, please contact PDS while you are in the process of completing the application to see whether that could be allowed. Depending on the funding source, PDS might be able to support your project, but only if you can demonstrate how the revenue generated will be used to support the larger objectives and explain that your organization will profit from the modest entrance fee.

See also “Guidelines for Budget Justification” under Section H below for more information on budget items.

H. OTHER INFORMATION

Guidelines for Budget Justification

Personnel and Fringe Benefits: Describe the fees -- wages, salaries, and benefits -- of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program. Total fees for any staff who might be engaged in the implementation or execution of the project (e.g., project manager, project assistant, accountant, etc.) cannot exceed 30% of the total project budget. Fees should be reasonable, in accordance with expected levels in the locality where the grant activity is taking place.

Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. Costs for international travel, including within the Balkans, can be included in the budget only if that travel is essential to the implementation of the project. Please make sure the project proposal makes clear why international travel is necessary. If you are proposing a visit to Serbia by a subject matter expert, trainer, instructors, performer, or anyone else from the United States, please contact PDS to check whether that would be an allowable expense.

Honorarium: Honorarium is limited to a maximum of $250 per day. Compensation for time spent preparing for a presentation, workshop, or other activity, however, can be included in Personnel and Fringe Benefits, including hours spent in preparation based on a realistic hourly rate.

Equipment: The budget cannot include purchase of any equipment, which is defined by the USG as property costing $5,000 or more with a useful life of one year (or longer than the duration of the grant). Only rental of equipment is allowed. The rental should be listed under “Other Direct Costs.”

Supplies: List and describe all the items and materials, including any computer devices, that are needed for the program. If an item costs more than $5,000 per unit, see entry for “Equipment.”
**Contractual**: Describe goods and services that the applicant plans to acquire through a contract with a vendor. Also describe any sub-awards to non-profit partners that will help carry out the program activities.

**Other Direct Costs**: Describe other costs directly associated with the program, which do not fit in the other categories. For example, shipping costs for materials and equipment or applicable taxes. All “Other” or “Miscellaneous” expenses must be itemized and explained.

**Indirect Costs**: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating, such as rent, salaries for personnel not directly involved in the project, etc. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 10% of the modified total direct costs as defined in 2 CFR 200.68. If you do this, you are obviously not allowed to include itemized indirect costs in your budget request.

**Cost Sharing**: The term “cost sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

**Food and Beverages**: Costs for food and other drinks cannot exceed 10% of the total amount of the award. This includes meals for organizers, experts, and participants during in country travel.

**Alcoholic Beverages**: Please note that award funds cannot be used for alcoholic beverages.
